DIGITAL CAREERS
UPSKILL PROGRAMME

MICROSOFT AZURE DATA FUNDAMENTALS (DP-900) AND MICROSOFT DATA ANALYST (DA-100) CERTIFICATION

Maximise the value of your business' data

Become a Data Analyst – fully funded courses now available for businesses across Greater Manchester. There is no cost to you or your business!

From digital literacy and an introduction to data via Cloud and data fundamentals! Learn to become a modern Data Analyst with a blend of online learning and classroom training. Prove your knowledge on the way by passing industry-recognised certifications alongside your daily job.

This Data Analyst course is part of the Digital Careers Upskill Programme and is possible thanks to Greater Manchester Combined Authority's three-year Skills for Growth programme, which is funded through the European Social Fund.

This course is delivered by Serco in partnership with Readynez, an Authorised Microsoft Learning Partner.

To register, or for more information, please contact our Recruitment Team now. Limited spaces available!

WHO IS IT FOR?

This course is for students who are beginning to work with data and IT. You will gain fundamental knowledge about data and the role of a Data Analyst before moving on to more advanced topics.

It teaches future Data Analysts about fundamental Cloud concepts and technologies as well as how to consider security when processing data.

Students will learn how to enable businesses to maximize the value of their data assets including designing and building scalable data models, cleaning and transforming data, and enabling advanced analytic capabilities that provide meaningful business value through easy-to-comprehend data visualizations.

DURATION: 16 weeks.

WHAT WILL THE QUALIFICATION LEAD TO?

Learners will develop the knowledge and skills needed for multiple roles in IT, including Data Analyst and Data Scientist.
