

Looking to fill job vacancies?

Interested in a FREE and time saving way to do this?

SERCO TRAINING AND RECRUITMENT SOLUTIONS (STARS) IS HERE TO HELP

STARS is our bespoke resourcing service where we work with you to meet your complete recruitment needs. Whether you are looking to recruit for one or several types of role, the STARS programme can help.

OUR COMMITMENT TO YOU

1. Work with you to design a bespoke pre-employment training programme that meets your employment needs

2. Communicate with you at every stage of the STARS journey

3. Give you quality, job ready candidates

4. Help you with future training needs

Don't just take it from us, here's what businesses who have worked with us have said...

OneBeyond
Amazing value from only £1

ONE BEYOND

"The STARS team sorted out my recruitment needs for many new store openings and filling positions in existing stores in the Midlands. They always managed to provide the numbers we need for a new store opening and a venue for conducting the interviews. Good standard of applicants compared to some other recruitment agencies we have worked with in the past."

HOW WILL IT WORK?

Our experienced employability experts in the STARS team will take the hard work out of the recruitment process. We will undertake targeted pre-employment training to upskill the individual, as well as giving any wrap-around support.

We will then provide you with a job-ready pool of candidates that you can meet before deciding on whether you want to interview and hire them.

Once the individual is in role, the STARS team can also assist with any future training needs they, and your existing employees, have. In-work training and development improves staff retention and productivity for the business.

WHAT WE ASK OF YOU

1. Work in partnership with us

2. Commit to giving us the positions to fill once the process has started

3. Decide on which candidates to recruit

4. Give us feedback on the STARS process
